1. Introduction

ARKA Global Liquidity Ltd. is an International Business Company incorporated in Saint Lucia under registration number 2025-00568. These documents apply to the website www.arkaltd.io, the trading environment branded as ARKA Global cTrader, and any related services made available by the Company.

This Cookie Policy explains how the Company uses cookies and similar technologies when a user accesses or uses the website. It should be read together with the Privacy Policy, Terms and Conditions, Risk Warning, AML/KYC Policy and any other legal documents made available by the Company.

2. What Are Cookies?

Cookies are small text files placed on a device when a user visits a website. They allow a website to recognize the device, maintain sessions, remember preferences, support security, analyze traffic and improve functionality. Cookies may be session cookies, persistent cookies, first-party cookies or third-party cookies.

3. Types of Cookies We May Use

- **Strictly necessary cookies** used for login, security, session management, fraud prevention, load balancing and cookie preference storage.
- **Functional cookies** used to remember language, interface, region or form preferences.
- **Analytics and performance cookies** used to understand website traffic, pages visited, performance issues, devices, browsers and approximate location.
- **Marketing and communication cookies** used, where legally permitted, to measure campaign performance or deliver relevant communications.
- **Security and compliance cookies** used to support fraud detection, device recognition, abuse prevention, website integrity and AML/KYC risk controls.

4. Similar Technologies

The Company may also use pixels, tags, local storage, session storage, device identifiers and server logs for similar purposes, including security, analytics, performance measurement, user experience improvement and compliance monitoring.

5. Third-Party Cookies

Some cookies may be placed by third-party service providers supporting hosting, analytics, security, CRM, communication or marketing infrastructure. Such third parties may process information according to their own privacy and cookie policies. The Company takes reasonable steps to work with providers that maintain appropriate data protection and security standards.

6. Managing Cookies and Consent

Most browsers allow users to view, delete, block or restrict cookies. Disabling certain cookies may affect website functionality, security or performance. Where applicable law requires consent for non-essential cookies, the Company may provide a cookie banner or preference mechanism. Strictly necessary cookies may be placed without prior consent when required for website operation or security.

7. Data and Retention

Depending on the cookie type, data collected may include IP address, device type, browser type, operating system, session identifiers, date and time of access, approximate location and website interaction data. Cookie data is retained only for as long as reasonably necessary for the purposes described in this policy, unless a longer period is required for legal, compliance, security or operational reasons.

8. Updates

The Company may amend this Cookie Policy at any time by publishing an updated version on the website. Continued use of the website after publication constitutes acknowledgment of the revised policy.
